

■ **The plan which becomes a gateway of a venture business is often supported.**

- <Shiga Tech Planter / Osaka Tech Planter>  
It doesn't stop to find a technological seeds in the Kansai area (venture) and bring up, a technological seeds in realistic Tech. territory, and, foundation or a start-up of a new business expansion enterprise is supported, and, chair.
- < Osaka top runner upbringing business>  
a support group concerns hands-on upbringing business of the project authorization enterprise through fiscal year and participates in support and new enterprise upbringing of the custom-made type according to the problem and the circumstances of each enterprise.
- < Osaka entrepreneur growing rise business>  
we're seconding finding of a promising entrepreneur and the foundation support business with which growth is supported "Osaka entrepreneur growing rise business plan contest" especially as the part which works on building of the venture ecosystem in all Osaka.
- < corresponding to demand for funds>  
We're responding to the demand for funds of an enterprise while also utilizing the independent fund (the FUNAZUSHI fund) as well as a venture capital firm in the group (Resona capital corporation).

■ **Common research grant business**

- A new enterprise of an enterprise is being supported with cooperation with a research institute in Kansai prefecture 12.
- We contribute a grant to joint research with the research institute where I cooperate, contribute to new technical development of an enterprise and are contributing to new market creation.
- We're helping you technological search and agreement be advanced through the year and an idea of an enterprise be achieved.
