

Hankyu Hanshin Properties Corp.

We support **GVH#5** as a regional platform to create new industries in Umeda, Osaka.

■ Our approach for supporting start-ups

- As a conglomerate real estate developer in the Hankyu Hanshin Holdings group, which is the predecessor of the railway company that originated in Kansai area, we promote initiatives to develop and increase added values of railway lines.
- As part of this, we support start-ups with the aim of establishing new business that will lead to create new industries and regional vitality for the improvement of the superiority of the region of Kansai in the international interurban competition and competitiveness and regional vitality in Umeda, in the global business hub of Osaka.

【"GVH#5", membership office for start-ups】

■ Introduction of the main activities and the examples

✓ Operation of "GVH#5"

• We opened "GVH#5" as the membership office for start-ups, aiming to provide the comprehensive business support environment at both the hard and soft aspects, which promote to create new industries in Umeda, Osaka.

✓ CVC Fund Invests in start-ups

• Through the investment of our corporate venture capital fund, "HHP Co-creation Fund No.1 LPS", we aim to create new businesses by linking advanced know-how of start-ups and our management resources.

✓ Participation in "Startupbootcamp Scale Osaka"

• We join the first acceleration program "Startupbootcamp Scale Osaka" held in Japan to promote start-ups in the area of Osaka, Kansai etc. by selecting promising start-ups around the world and with the collaboration of the partner companies.
