

■ MSI Group Startup Support

• We are committed to "Creating Shared Values with Society (CSV)" and from the perspective of "Providing Security and Safety to Support the Development of a Vigorous Society and the Healthy Future of the Earth", we fully support the business growth of startups that aim to provide "Business Solution" in our society.

■ Investment In Startups And Venture Funds

• Through regular pitch events "LUNCH PITCH" held by Mitsui Sumitomo Insurance Capital Co., Ltd., a member of the Group, and direct investments and supports, we have realized the EXIT of many startups, and through investment in independent and university-affiliated VC funds, we are promoting expansion of sales channels and enhancement of corporate value by providing risk management services.

Main support

Main business support(business matching)

Support for preparation of business plans and investment capital strategies

Support for introduction of experts such as auditing firm,attorney in law,etc

■ Startup Support Through Overseas Network

• In addition to providing information on overseas startups, our Group invests in and supports overseas startups through MS&AD Ventures in Silicon Valley. We also support overseas startups when they enter Japan.

■ Supporting Startup Advocacy Groups and Events

• ILS Power Matching

Participate in the development of insurance and services that respond to new risks. We are working to realize a new business model through collaboration with Startups.

• Japan Startup Association (JSSA)

With Participating in the association to help form an ecosystem for startup growth, we support them by expanding sales channels, financing and collaboration.

■ Supporting Ccreation And Matching Of New Business Models

By collaborating with promising startups with the goal of open innovation, our company supports efforts to resolve issues each division and business partner has.
