

■ EY Entrepreneur Of The Year (EOY)

It is the world's first and only global awards program that celebrates the efforts and success of entrepreneurs who are striving toward their goals to build a better society. The program recognizes outstanding entrepreneurs representing more than 145 cities and countries in 60 countries around the world.

The program focuses on stories of fascinating and passionate individuals who are taking on the challenges of new business fields, bringing growth, prosperity, and innovation to society, and disseminates their achievements both domestically and internationally.

Entrepreneurs selected to participate in the Japan competition are selected to participate in the Kansai competition, which also provides a networking opportunity with other entrepreneurs and supporters to revitalize the economy of the Kansai region.

■ IPO Support

We provide an accounting audit service that is essential to the realization of an IPO.

To clear the listing rules of the exchange, it may be necessary to review the current management practices and management systems from a large perspective.

We provide support for the realization of an IPO, focusing on the areas related to accounting audits.

■ EY Entrepreneur Of The Year (EYIS)

This award program recognizes startup companies that promote innovation. The program aims to encourage startups from the perspectives of growth, innovation, and social responsibility, and to help raise their visibility, thereby contributing to building a better society.

Tokyo is the venue of the award, but many companies in Osaka also participate in the award.
