

Osaka

画面を下にスクロール

Osaka is gaining attention as a fast growing hub for startups in Asia. It is centrally located in Japan, featuring an extensive transportation network, as well as manufacturing capabilities with a high level of technological knowledge. Osaka provides dynamic support programs, allowing greater cooperation between startups and various public and private parties. Osaka Innovation Hub serves as the primary gateway "equally" for startups and stakeholders, in the startup ecosystem. Based on those strengths, the city is ranked second in Japan right behind Tokyo.

HEALTH CARE & MEDICAL

Description:
OUI Inc. is Japanese medical startup founded by 3 ophthalmologists from Keio University School of Medicine, developing smartphone attachment medical device "Smart Eye Camera (SEC)", which enables to diagnose anterior part of the eye with equal function to existing slit-lamp microscope. We also develop auto-diagnosis AI of the anterior part of the eye including cataract, the most common disease causing world blindness, with the ophthalmic images captured by the SEC. With SEC we aim to overcome
